

SOUTH CAROLINA

Park Operational Base Summary: The table below shows the annual park operating base for all parks within this state. Park operational base funds are supplemented by as yet undetermined amounts of project funding from regional or servicewide-managed programs, such as cyclic maintenance, the Natural Resources Preservation Program, and the Drug Enforcement Program.

If a park is in more than one state, the park is included in each of the appropriate state tables. The full operating base is shown; no attempt has been made to split the park operating base amount between two or more states.

Fiscal Year 2002 National Park Service Federal Land Acquisition Program

Program or Park Area: **Fort Sumter National Monument**

National Park Service Land Acquisition Priority (FY 2002): Priority No. 9

Location: On Sullivan's Island in Charleston Harbor

State/County/Congressional District: State of South Carolina/Charleston County/Congressional District No. 1

Land Acquisition Limitation Amount Remaining: There is no limitation.

Cost Detail:

Date	Acres	Total Amount
FY 2002 Request	1	\$1,750,000
Future Funding Need	0	0

The total amount includes the cost of title, appraisal, environmental site assessment, acquisition, and relocation assistance.

Improvements: None.

Description: The first engagement of the Civil War took place here on April 12, 1861. The park also embraces Fort Moultrie, scene of the Patriot victory of June 28, 1776 – one of the early defeats of the British in the Revolutionary War.

Natural/Cultural Resources Associated with Proposal: The national monument contains the sites, structures, and archeological resources associated with significant events of both the Civil War and the Revolutionary War.

Threat: Development of non-Federal property at the national monument would threaten the historic integrity of the site. Section 344 of Public Law 105-83, the act making appropriations for the Department of the Interior for fiscal year 1998, stated the sense of the Senate that "...Congress should give special priority to the preservation of Civil War battlefields by making funds available for the purchase of threatened and endangered Civil War battlefield sites."

Need: Funds in the amount of \$1,750,000 are needed in fiscal year 2002 to acquire the remaining interest in a 1.25-acre tract currently protected by an easement. However, the terms of the existing easement permit construction and operation of a restaurant on the site adjacent to the boat dock used by the public to visit Fort Sumter. Federal acquisition of the remaining interest will permit the Service to retain the tract as open space.

Interaction with Landowners and Partners: The owner is willing to sell the property. The Service has obtained an appraisal of the property. Discussions with the owner are ongoing. The mayor of Charleston, South Carolina, supports this acquisition of land for open space at the dock site because the city is planning to put a monument in this area.
